

ARE YOU THINKING ABOUT MAKING A NEW YEAR'S RESOLUTION THAT DOESN'T INVOLVE LOSING WEIGHT, GOING TO THE GYM OR CLEANING OUT YOUR CLOSETS?

CONSIDER VOLUNTEERING A FEW HOURS A WEEK AT PROJECT LEARN OF SUMMIT COUNTY!

Project Learn provides classes in literacy, GED® prep, English for Speakers of Other Languages, and college prep & workforce development. Classes are given throughout Summit County in the morning, afternoon, and evening, so chances are there is a class happening near you that needs your help.

We need individuals who can assist in various levels of math, reading, writing and helping others to learn to speak English. Project Learn provides training and support throughout your volunteer experience.

"Working with English learners is so rewarding. Not only do you get to make an important impact on their lives, you get to learn about new cultures and countries from them! The students are very motivated to learn and fun to work with." - Jennifer H., Volunteer

"I am really enjoying helping out at the Stow-Munroe Falls Library. The women I help are very easy to work with and Bev and Jennifer have great ideas to make learning a lot of fun for everyone!" - Kathy A., Volunteer

Interested? Contact Melissa Paul, Volunteer Coordinator at mpaul@projectlearnsummit.org or 330-434-9461

An ESOL class, including teacher and volunteers promoting their Holiday Open House, sharing food and holiday traditions.
